

Somarouthu Vyshnavi

Fullstack Trainee

Hello ! My name is Somarouthu Vyshnavi. I'm a 3rd year CSE student in Aditya Engineering College, Surampalem and I'm also a Fullstack Trainee in Technical Hub. I consider myself a responsible and orderly person. I'm always eager to learn new skills.

Capstone Projects

Capstone Project-1

In my First capstone project , I have developed a website using HTML and CSS.

You can view the source code through this GitHub Link--->

<https://github.com/Vyshnavi11062004/Capstone-Project-1.git>

Capstone Project-2

In my second capstone project , I have created my own portfolio by selecting a sample portfolio template, editing the content and lastly filling it with my information.

You can view the source code through this GitHub Link--->

<https://github.com/Vyshnavi11062004/Capstone-Project-2.git>

Capstone Project-3

In my Third capstone project, I have developed a Food Recipe App using React JS with Axios

You can view the source code through this GitHub Link--->
